

Letter of Intent
Associated Partner in the Erasmus+ Knowledge Alliances Project
GrEnFin: Greening Energy Market and finance

I, the undersigned ...**Alessandro Bianchi** chief executive officer legal representative of NE Nomisma Energia hereby declare that the organization, ...**NE Nomisma Energia Srl**, via Marconi 3, Bologna, Italy, expresses the intent to become an associated partner to the Erasmus+ Knowledge Alliances Project '*GrEnFin: Greening Energy Market and Finance*', coordinated by University of Bologna in cooperation with a Consortium of 13 partners, listed in the following:

- P2 - Ludwig-Maximilian University Munich - Germany
- P3 - Birbeck College London - UK
- P4 - Wien University of Economics and Business - Austria
- P5 - University of Katowice - Poland
- P6 - University Paris-Dauphine - France
- P7 - Tauron Energia - Poland
- P8 - IMPA– Institute of Pure and Applied Mathematics -Brasil
- P9 - Hera - Italy
- P10 - Pixel - Italy
- P11 - EgoTrade srl - Italy
- P12 - PSE-Planet Sustainable Energy LDA - Portugal
- P13 – My Energia Oner SL - Spain
- P14 - Speed Development Consultants - Greece

Within the next 3 years, GrEnFin KA/ERASMUS+ project aims to design, test and pilot a joint/multiple educational path and a professional module targeted to a new professional figure, i.e. the Energy Expert. Given his expected key role in favoring the transition to a more sustainable economy, the EE must combine a number of competences usually belonging to different profiles as the engineering knowledge of the green sources of energy, the competences in sustainable economy and the quantitative skills in risk management and financial engineering. As matter of fact we believe that only this interdisciplinary approach could allow HEIs to educate such a pivotal actor able to assure for a vital economy with an environment-preserving behavior. In the feasibility matter, the important role of the financial knowledge is discovered to be undeniable in order to realize the sustainable diversification of energy's supply thanks to a natural risk control policy and hedging.

Considering the objectives of the Project and in particular his commitment to face the new challenges of a transforming world with an inclusive global view by:

- Contributing to the decarbonizing process of the EU economy through investment in knowledge and competences for either high education and professional training in the Energy Sector
- designing an innovative and interdisciplinary European approach and framework to educate the "hero of the green economy", i.e. the Sustainable Energy Expert, having the pivotal role to assure for a vital economy with an environment-preserving behavior of companies and stakeholders
- developing and consolidating a long-lasting network and cooperation among industries and

- academia in the Energy Sector
- disseminating the best practices to address energy cross-border challenges in view of a sustainable development of the EU

Considering the mission of the institution

Brief Presentation of the institution

NE Nomisma Energia is an independent think tank company conducting research on energy and environment, committed to understand energy markets and their short- and long-term trends. NE Nomisma Energia covers all issues concerning energy markets and environmental policies, in Italy and Europe, which extend from fossil fuels markets to renewable energies, from industrial and market regulation to development of new technologies, from international politics to local energy planning.

Considering the convergence between the objectives of the Project and the mission of the organisation I represent,

by signing this Letter of Intent I hereby declare the intention of the organisation I represent to cooperate with the GrEnFIn consortium and to become an associated partner of the Project. The organisation I represent agrees to:

1. *Support the dissemination and exploitation of the GrEnFIn project activities and results*
2. *Support the Project consortium in the identification of specific needs of the Energy Sector*
3. *Support the Project consortium giving advice and proposing adjustment of the course and the professional module*
4. *Participating in the Summer Schools to give specialized lectures or seminars in related fields*
5. *Assisting in establishing a dialogue with large and small energy companies able and willing to transfer technology and take part in the project.*

Bologna, February 7th, 2020
