GrEnFIn Athens Workshop – SPEED Development Consultants SA

SPEED Development Consultants SA as partner of the GrEnFIn project, is happy to invite you to the on line “GrEnFIn Athens Workshop”. The objective of the Workshop is to discuss a new **novel Training Scheme in Greening Energy & Finance** for professionals already in the relative market. We will present, discuss and validate through an online questionnaire the possible structure in terms of educational content and means of implementation of the new Training Scheme for professionals, and also the project and its implementation up to now.

Professionals already in the fields of energy, finance, transportation, industry, policymakers, energy consultants, governmental agencies, universities, are welcome to join the on line event on October 21st 2021 at 15:00 - 16:30 Athens time (GMT+2)

The schedule and the speakers:

1. “GrEnFIn project overview and outcomes achieved” – Athanassios Petsopoulos (Senior Consultant, SPEED Development Consultants SA)
2. “The GrEnFIn Master” – Silvia Romagnoli (Professor of Applied Mathematics, Department of Statistical Sciences, University of Bologna UNIBO)
3. “2021 Summer Training format” - Daniela Bottega, HR Specialist, HERA Group
4. Q&A and Validation questionnaire
5. “Financial Instruments for implementing energy efficiency projects in Greece – The role of ESCOs” (*tbc*)- Costas Theofylaktos, Mech. Engineer Senior Energy expert

[Click to enroll for the workshop and receive the relative Zoom link](#)
