Bertinoro (Italy) June 20 - 23

The Full Immersion Experience

During the 4 days programme the participants have a chance to face a project work and solve a problem based on the case study prepared by the industrial partners of the project. Some lectures regarding the topics involved in the Case Study will be delivered during the first two days. In the last two days the students will be then divided into small groups to solve the Case Studies supporting the professionals and guided by trainers.

The students will also be provided with the access to some additional e-learning material that has not been considered mandatory, but as an enrichment of the offer.

From the 2nd May get the access to additional e-learning material

subscribing the [GrEnFln platform](#) as STUDENT
